Festékgyártó és Kereskedelmi Kft.

## **Magyar Lakk Kft. Quality and Environmental Policy**

OUR MISSION is to deliver a solution to our customers at the highest possible quality that contributes to the perfection and success of their products, technically and aesthetically as well. The solution starting from tailor-made R&D and applicable coating systems through application technology to surface treatment services.

In line with the above and our core values, MAGYAR-LAKK Kft. is dedicated to developing and manufacturing products and providing services of highest quality, and to continuous development aiming at constantly higher customer satisfaction. Our company operates and evolves constantly in line with sustainable development principles and in harmony with its environment.

To do so, we are committed to complete the following tasks:

- We implemented and operate our quality management system according to MSZ EN ISO 9001 and environmental management system according to MSZ EN ISO 14001
- We comply with all legal and other regulations corresponding to our activity, to maintain stable and transparent management and financials and ethical relationship with all stakeholders.
- We emphasize the importance of the evaluation, training and remuneration for our colleagues as well as the constant development of employment and working conditions that we reach by personalised training schemes and our incentive system.
- We constantly monitor the environmental effects of our operations and products and the possibilities to reduce those with significant impact.
- We put emphasis on the prevention of pollution wherever it is possible in our activities.
- Our top environmental priorities:
  - appropriate collection, storage, and disposal of hazardous waste
  - appropriate storage of hazardous materials and products
  - reducing the usage and emission of hazardous materials
  - treatment of packaging materials
  - monitoring market demand changes to give quick and appropriate responses
  - proper selection of our suppliers to guarantee sustainable quality materials and services
  - constant enhancement of resources regarding R&D, production, and sales as well

Our motto:

**TOMORROW SHINES BRIGHTER WITH US...**
